

Compliance Pricing and Licensing

General Information

The GlobalPlatform Card Compliance Program is available to both members and non-members of GlobalPlatform. However, due to the membership nature of GlobalPlatform there is a difference in both how the components of the Compliance Program are obtained as well as the pricing for each of those components.

Members should reference the "members" section below and Non-GlobalPlatform members should reference the Non-Members section below for instructions on how to obtain the components of the Compliance Program as well as the pricing of those.

Pricing and Licensing Information

GLOBALPLATFORM MEMBERS

Overview

Members of GlobalPlatform are entitled to receive certain components of the Card Compliance Program at no cost. Those particular components are the following:

- Program Documentation
- Test Plan
- Test Suite

The portion of the Card Compliance Program that may **not** be available to members at no cost is the Test Tools and Test Environment. This component of the GlobalPlatform Card Compliance Program is, however, needed to execute the GlobalPlatform 2.1 Card Test Suite.

The current arrangement with [ICC Solutions](#), the developer of the Test Tools and Test Environment, distinguishes between companies that currently license some of their products and those that do not. Please see the following section on Licensing to determine the various licensing options.

Pricing & Licensing Information

ICC Solutions has enhanced their ICCSimCT: Card Test product to support the GlobalPlatform 2.1 Card Test Suite. If a GlobalPlatform member already has a Support & Maintenance Agreement for the ICCSimCT: Card Test product with ICC Solutions, then the GlobalPlatform member will receive the enhanced ICCSimCT: CardTest product at **no** additional cost.

If, however, a GlobalPlatform member does not currently license the ICCSimCT and/or does **not** have a Support and Maintenance contract in place, it will be necessary to purchase the ICCSimCT: CardTest product and/or complete a Support and Maintenance agreement with ICC Solutions.

ICC Solutions has offered GlobalPlatform members flexible licensing options ranging from a single licence to multiple licenses. ICC Solutions is offering a **20% discount** on the ICCSimCT: CardTest licenses for any GlobalPlatform member. This will apply to any GlobalPlatform member who does not currently have the ICCSimCT: CardTest product, **as well as** to any GlobalPlatform member who already has the product, but wishes to purchase additional licenses.

Please note that any GlobalPlatform member who already has the ICCSimCT: CardTest product will receive, at no cost, the enhanced version if they have a Support & Maintenance Agreement in place.

ICC Solutions is offering the following pricing to GlobalPlatform members:

ICCSimCT: CardTest

Number of Licenses	Amount in British Pounds Sterling
1 License	£6,000
> 4 License	£12,000
> 6 License	£16,000
> 8 License	£20,000

NON-GLOBALPLATFORM MEMBERS

Overview

Due to the membership nature of GlobalPlatform, the components of the Card Compliance Program are **not** made available to non-members free of charge. However, in the interest of promoting the development and testing of products which conform to the GlobalPlatform Card Specification, GlobalPlatform does believe it is important for non-members to be able to also use the tools that are available to members, albeit via a different, but reasonable price structure.

Pricing & Licensing Information

ICC Solutions, the developer of the Test Tools and Test Environment currently provides the following licensing options for the ICCSimCT: CardTest product, which is necessary in order to execute the GlobalPlatform 2.1 Card Test Suite:

ICCSimCT: CardTest

Number of Licenses	Amount in British Pounds Sterling
1 License	£7,500
> 4 License	£15,000
> 6 License	£20,000
> 8 License	£25,000

Please note that the aforementioned prices were for the ICCSimCT product only. The additional licensing charges from GlobalPlatform for the remaining components of the GlobalPlatform Card Compliance Program are as follows:

GlobalPlatform Charges

Item	Amount in British Pounds Sterling
Program Documentation	Free
Test Plan	£2,100
Test Suite	£2,800
Compliant Product Registration Fee	£1,100

Please note that these charges apply **only** to non members of GlobalPlatform. **All GlobalPlatform members receive the Test Plan and Test Suite free of charge.**
COMPLIANT PRODUCT REGISTRATION INFORMATION

Once a product has undergone testing using the tools and processes of the GlobalPlatform Card Compliance Program, the product developer may request Globalplatform to post information about the product on the GlobalPlatform website. Detailed Information regarding this process can be found on the [GlobalPlatform Card Compliance - Detailed Information](#) web page.

Product developers may obtain the necessary forms and process information for submitting a request to GlobalPlatform in the [Card Compliance Manual](#).

CARD PROGRAM COMPONENT ORDERING INFORMATION

GlobalPlatform Members

For GlobalPlatform Members, **only** the Test Plan may be obtained by logging into the [GlobalPlatform Member Website](#), and then clicking on the "Specifications" link on the left side of the page to initiate the registration process.

However, **all** the components of the GlobalPlatform Compliance Program (Test Plan, Test Suite, and Test Tools) may be obtained by contacting [ICC Solutions](#).

Non-GlobalPlatform Members

GlobalPlatform has contracted with ICC Solutions to handle the licesning and distribution of the components of the Card Compliance Program for non-members of GlobalPlatform. Please contact [ICC Solutions](#) to obtain registration and ordering information.
